“The Skyhawks are a great partner and add a wonderful recreational element to our city.”

**Daniel Gibbins, ISA
Former Parks Superintendent
Cedar Rapids Parks & Recreation Department**

All club members must read and follow the safety rules. They are available on the website.

Reminder: You must have your current Skyhawks Membership Card to fly at the field.

Your current Skyhawks identification badge must be worn when you participate in a flying activity. If you are flying on a 72 MHz frequency or Ham band, you must use a frequency clip. Thanks.

Cover photographs needed for the Logbook

We would really appreciate people submitting photos for consideration for use as the Logbook cover. Cover photos need to be in portrait mode, and should be as high a resolution as possible, preferably 2000 by 3000 pixels or more. Furthermore, the top third of the photo should be sky or some other appropriate background so as not to interfere with the banner of the Logbook.

Show N Tell

Chuck brought in a Glider from horizon call the Radian. He had to rebuild the tail section of the plane after a mishap this past year. He said the tail section is too weak and needs to be rebuilt. If you get one contact Chuck to reinforce the tail.

Jim Buttleman brought a section of his Cessna 421 wing. He rebuilt the cardboard wing tube assembly.

Mark Barnett brought a light weight foam plane that he built with mylar skins. It should be a good indoor flyer. It is a super lightweight plane at 145 grams. Battery is 2S 320mAh.

Jim Stickley brought in a Taurus 1/2 scale model that he built from a kit made by BMJR. He also brought a 1/2 scale Astrohog that he built from a BMJR kit. Both of the planes are electric.

Todd brought in his Japanese pilot that will go into the new Tony he is building. The pilot is bigger than the normal 1/5 scale pilot. The pilot is by Best Pilots.

Meeting ended at 7:45PM.

Cedar Rapids Skyhawks Instructors

We want you to have a positive experience learning to fly. The more successful you are starting out determines if you will enjoy the hobby. The most important first step is to find an instructor to help you get off to a good start. The best way to contact an instructor is to call and make an appointment. There is also an Instructor Availability Calendar on the Skyhawks Website.
